### **Student Rights to Know Act of 1990**

---

The Student Right-to-Know Act, passed by Congress in 1990, requires institutions eligible for Title IV funding under the Higher Education Act of 1965 to calculate completion or graduation rates of certificate- or degree-seeking, full-time students entering that institution and to disclose these rates to current and prospective students. Every institution that participates in any Title IV program and is attended by students receiving athletically-related student aid is required to disclose graduation/completion rates of all students, as well as students receiving athletically-related student aid by race/ethnicity, gender and by sport and the average completion or graduation rate for the four most recent years to parents, coaches and potential student athletes.
